

HARNESSES • Elite

• AirFlo™ breathable padding • 3-D™ material

GEMTOR'S ELITE SERIES of Full-body harnesses is designed for Maximum Comfort and usability. All "Elite" harnesses include Gemtor's AirFlo™ breathable padding that allows air to flow completely through the pad. Foam has been replaced by a specially designed "3-D" material. These pads weigh considerably less than pads on competitive harnesses, allow for unrestricted air flow and always retain their shape and comfort.
